Omya extends distribution agreement with ICL Food Specialties

Oftringen (Switzerland), December 01, 2016. Omya announces that it has extended the distribution agreement with ICL Food Specialties for the distribution of food additives and ingredients to the Russian Market.

Omya extends its cooperation with ICL Food Specialties to Russia, effective from December 1, 2016. Customers will benefit from a wide range of food additives and ingredients to improve texture, taste and stability. ICL Food Specialties relies on Omya expertise and network in the bakery, beverages and dairy sector to grow its business.

About Omya

Omya is a leading global producer of industrial minerals – mainly fillers and pigments derived from calcium carbonate and dolomite – and a worldwide distributor of specialty chemicals.

The company provides a wealth of product solutions that contribute to its customers' competitiveness and productivity in multiple industries such as Construction, Printing & Writing, Technical Polymers, Packaging, Food, Personal & Home Care, Pharmaceuticals, Agriculture, Forestry, Water and Energy. Founded in 1884 in Switzerland, Omya has a global presence extending to more than 175 locations in over 50 countries with 8,000 employees.

Committed to implementing the principals of sustainability at all company levels, Omya provides added value products and services from responsibly sourced materials to meet the essential needs of current and future generations.
