Press Release

Omya announces extension of distribution partnership with ICL Food Specialties in the Russian meat market

Oftringen (Switzerland), July 1, 2017. Omya announces that it has extended the distribution agreement with ICL Food Specialties for the distribution of food additives and ingredients for the Russian meat market.

Omya, the distributor for ICL Food Specialties in the Russian bakery, beverages and dairy segments extends its cooperation to the meat market, effective July 1, 2017. Omya customers will benefit from a wide range of ICL food additives and ingredients to improve texture, taste and stability of cooked sausages, chopped meats, seafood and injected, tumbled or marinated processed meat.

About ICL Food Specialties

ICL Food Specialties offers a diverse portfolio of functional ingredients and extensive application experience. The ICL Food Specialties team has the expertise that inspires customers to innovate faster by selecting the right ingredients for function earlier in the development cycle. To learn more about how ICL Food Specialties' market- and trend-focused experts can help you tailor a formulation without sacrificing taste, contact us at food@icl-group.com or www.iclfood.com.

About ICL

ICL is a global manufacturer of products based on specialty minerals that fulfill humanity's essential needs primarily in three markets: agriculture, food and engineered materials. ICL is a public company whose shares are dual listed on the New York Stock Exchange and the Tel Aviv Stock Exchange (NYSE and TASE: ICL). The company employs approximately 13,000 people worldwide, and its sales in 2015 totaled US\$5.4 billion. For more information, visit the company's website at www.icl-group.com.

About Omya

Omya is a leading global producer of industrial minerals – mainly fillers and pigments derived from calcium carbonate and dolomite – and a worldwide distributor of specialty chemicals.

The company provides a wealth of product solutions that contribute to its customers' competitiveness and productivity in multiple industries such as Construction, Printing & Writing, Technical Polymers, Packaging, Food, Personal & Home Care, Pharmaceuticals, Agriculture, Forestry, Water and Energy.
