Omya is more...

Excellence in Speciality Chemical Distribution

Omya
Rubber
Product Portfolio
## Rubber

- Organic Peroxide Initiators and Catalysts for Room and High Temperature Cure
- Antistatic, Slip & Antiblocking Additives for Plastics
- Ketjenblack® Conductive Carbon Black

- Antimony Trisulfide
- Flame Retardant Blends

- Iron Oxide Pigments
- Chromium Green Oxide
- Zinc Ferrite
- Magnetic Iron Oxides

- Titanium Dioxide (TiO₂) - Rutile for Plastics and Coatings

- Poly BD® (Poly Butadiene) Resins
- EMA® Resins - Ethylene Maleic Anhydride Resins
- Ricon® Resins - Reactive Processing Aids, Rubber Coagents
- Ricobond® - Adhesion Promoters

- Zinc Oxide - American Process
- Zinc Dust - Ultra Low Lead
- Ultra Fine Zinc Oxide UV Abs

- Zinc Stearate
- Calcium Stearate
- Magnesium Stearate
- Aluminum Stearate
- Sodium Stearate
- Lubricants for PVC

- Desalkylmethylphenyl Ethane
- Brominated Flame Retardants
- Magnesium Hydroxide
- Superkote® Phosphate Esters

- Red Phosphorus Based Flame Retardants
- Specialty Phosphorus Based Flame Retardants
- Melamine Cyanurate
- Melamine Borate
- Melamine Phosphate

- Phthaloblue
- Phthalocyanine Green
- Organic Red
- Organic Yellow

## Other

- Larderello Group
- Zinc Borate
- Zinc Hydroxy Stannate
- Zinc Stannate

- Lion Elastomers
- Royalene® EPDM
- Trelene® Liquid EPDM
- RoyalEdge® EPDM Polymers

- Calcium Carbonate

- EverZinc
- Alumina Trihydrate (ATH)
- Specialty Fillers

- Cray Valley
- Thioester Antioxidants

- Girici
- Hindered Amine Light Stabilizers
- UV Absorbers
- Antistatics
- Antifogs

- Reagens
- Metal Activators
- Phosphite Antioxidants
- Thioester Antioxidants

- Songwon
- UV Oligomers
- UV Monomers
- UV Cure Technology

- Sabo
- Dioctyl Terephthalate Plasticizer (DOTP)

- Sartomer
- Microcrystalline Silica

- SASA
- Zinc Sulfide
- Lithopone
- Blanc Fixe
- Photo Catalytic TiO₂

- Venator
- TiO₂ - Specialty Anatase
- TiO₂ - Rutile for Inks
- Ludoline® TiO₂
