For immediate release

### **Arkema appointed Omya to represent Crayvallac® portfolio in Malaysia**

**Oftringen (Switzerland), March 6, 2023. Arkema, Rheology & Specialty Additives has appointed Omya Malaysia to represent the Crayvallac® portfolio in Malaysia.**

We are proud to work with Arkema in the Asia Pacific region and look forward to additional developments in the future.

“With its extensive distribution network, strong service capabilities and solid reputation, we are confident that the Omya team can strive to develop and grow the business together with Arkema, Rheology and Specialty Additives.”

With this cooperation and strong partnership, both parties shall benefit mutually on long-term success.

#### **About Omya**

Omya is a leading global producer of industrial minerals – mainly derived from calcium carbonate, dolomite and perlite – and a worldwide distributor of specialty chemicals. The company provides a wealth of innovative product solutions that contribute to its customers' competitiveness and productivity in multiple industries such as Construction, Paper & Board, Polymers, Food and Personal & Home Care. Omya further provides Environmental Solutions targeting the agriculture, water and energy markets. Founded in 1884 in Switzerland, Omya has a global presence extending to more than 160 locations in over 50 countries with 9,000 employees.

Committed to implementing the principles of sustainability at all company levels, Omya provides added value products and services from responsibly sourced materials to meet the essential needs of current and future generations.

#### **About ARKEMA Crayvallac®**

Arkema is a leading global designer and manufacturer of rheology and specialty additives for more than 50 years. Crayvallac® is one of the key product range specialize in organic rheology modifiers, surface modifiers, flow and levelling agents for high-solids and solvent-free applications. We are very proud of the reputation and trust that we have developed with our customers around the world — as a leading and serious provider of rheological, flow and levelling, matting, dispersing, texturing, slip and rub solutions.

Our strategic direction to bring continuous new product development and innovation is led from our central R&D facility in France, which is supported by our regional application laboratories around the world, including Brazil, China, France, Malaysia, Spain and the USA. Our Regulatory Affairs team ensures our products comply with the ever demanding and

growing regulations around the world. Sustainability, and being a socially responsible partner with our customers, employees and the communities where we operate, continues to be a focus of our business.

Omya International AG  
CH-4665 Oftringen

Our product range is stocked and sold in over 100 countries, and locally supported by our dedicated team of experts.
