Emery Oleochemicals appoints Omya as distributor for the Emery's Green Polymer Additives business in France

Oftringen (Switzerland), June 14, 2019. Omya, a leading global producer of industrial minerals and a worldwide distributor of specialty chemicals, is pleased to announce a new distribution agreement with Emery Oleochemicals GmbH.

Omya will represent Emery's Green Polymer Additives business unit to distribute and provide technical support for their natural-based lubricants, release agents, antistatic- and, antifogging agents, as well as their special plasticizers offered under their well-known brand names LOXIOL® and EDENOL®. Starting July 1st, Omya will provide service to new and existing customers in France.

Emery Oleochemicals and Omya both have a strong presence in the Polymer markets, in particular PVC compounding, Pipe, Profile, Thermosets, Packaging film and Elastomers with a highly complementary product range. Omya today is renowned for its excellent technical assistance & analytical service capabilities worldwide, supporting customers in many markets. This distribution agreement enables Omya and Emery to better serve customer needs.

Andy Greenhalgh, Sales Director Technical Polymer Applications and Polymer Packaging West Europe at Omya comments: "Our companies both share a focus on sustainable, natural-based products and we both strongly believe in the growth potential of Green Polymer Additives in the future. Emery's portfolio is a perfect match to our existing market penetration and the Green Polymer Additives broad portfolio also opens new opportunities in parallel markets where Omya are equally as strong."
