Omyaloo[®] FC

Certified recycled
functional additive

THINKING OF TOMORROW

Omyalooop FC

Certified 100% recycled functional additive for polymer applications.

- **Certified sustainability**
UL-validated as containing 100% recycled content, supporting mass balance claims and compliance with industry goals.
- **Formulation flexibility**
Direct 1:1 replacement for mineral additives or polymer—no additional silos or equipment required.
- **Performance equivalent**
Matches conventional calcium carbonate in compounding and extrusion processes.
- **Consistent quality**
High brightness grades available; backed by Omya's global manufacturing and logistics network.
- **Enhanced properties**
Fine particle size improves mechanical performance and enables high-end applications versus coarser grades.
